## Learning Activities (1 week – 5 days): Lesson introduction, body, and closing

Day 1 55min class	<ul style="list-style-type: none"><li>→ 10 min Introduction: Student brainstorm five biggest challenges faced by western Europe in the decade after WW2. They will then pair-share with a partner and then with class. Teacher should take opportunity to review previous Unit 8 developments.</li><li>→ 20min - Using <a href="https://europa.eu/learning-corner/eu-timeline/how-to-use-timeline">https://europa.eu/learning-corner/eu-timeline/how-to-use-timeline</a> students should create their own “10 defining moments” timeline which best show the political development of the European Union. That should be shared with the teacher and a friend.</li><li>→ 5min Have students peer review their timeline with the same partner as before. They should create one unified timeline.</li><li>→ 5 min each pair joins with another pair for a second round of peer review</li><li>→ 10min - Teacher lead a discussion in which class creates a unified class “10 defining moments” timeline. (In a bigger class you could split class into 2 or 3 larger groups instead.</li></ul> <p>Main EU-related concepts/activities:</p> <ul style="list-style-type: none"><li>→ History of the formation of the European</li></ul>
Day 2	<p>Question: What are the roles of the European Union?</p> <p>Step 1: Depending on the number of students in you class assign 1 or 2 of the categories below for students to create a 90 second “elevator speech” on the policy areas they were assigned.</p>

Public health	Climate action and the European Green Deal	Economy, finance and the euro	Migration and asylum	Borders and security
Business and industry	Single market	Digital economy and society	Employment and social affairs	Education and training
Research and innovation	Regional policy	Transport	Agriculture and rural development	Maritime affairs and fisheries
Environment	Energy	Foreign affairs and security policy	EU enlargement	European neighbourhood policy
Trade	International cooperation and development	Humanitarian aid and civil protection	Justice and fundamental rights	Food safety
Consumers	Banking and financial services	Competition	Taxation	Customs
Culture and media	Youth	Sport	Budget	Fraud prevention

Step 2: Give Students 15 minutes to research and prepare their speech. The image above came from <https://op.europa.eu/webpub/com/eu-what-it-is/en/> which has sections on all of the policy areas.

Step 3: Handout the Roles of the EU bingo cards to the students (see PDF)

Step 4: Students can cross off their own topic and then must attempt to form a Bingo by sharing 90 second speeches. Students should keep brief notes on back of bingo card for each topic

Step 5: As students complete a Bingo they should show teacher - cards must have notes on back.

Step 6 (if Time) review some of the key roles with the class.

	<p>Main EU-related concepts/activities: Roles and Responsibilities of the EU</p>
<p>Day 3</p>	<p>→ Question: Day 3:</p> <p>→ What are the strengths and weaknesses of the current political structure of the EU?</p> <p>→ Step 1: Opener - Use the map linked below to have students fill in the country (5 - 15min)  <a href="https://op.europa.eu/webpub/com/eu-and-me/en/WHAT_IS_THE_EUROPEAN_UNION.html#Exercise_1">https://op.europa.eu/webpub/com/eu-and-me/en/WHAT_IS_THE_EUROPEAN_UNION.html#Exercise_1</a></p> <p>→ Step 2 (5 min) (taken from EU and me) Have students name several places that the class could potentially take a class trip to</p> <p>→ Step 3 (5 min) Have students read over the information at  <a href="https://op.europa.eu/webpub/com/eu-and-me/en/HOW_DOES_THE_EU_WORK.html#Who_decides_what_in_the_EU?">https://op.europa.eu/webpub/com/eu-and-me/en/HOW_DOES_THE_EU_WORK.html#Who_decides_what_in_the_EU?</a> through exercise 6 (you can skip Exercise 5)</p> <p>→ Step 4 (5 min) Assign each student a country from the EU (cards would work) have them look up the population and then have them write their country and population (to nearest million) on the board (if you don't have 1 to 1 devices you can do this part for students). Explain through simple vs double majority using exercise 6.</p> <p>→ Step 5 - Explain to students that they can only vote for one field trip option. Give students 5 - 10 minutes to discuss, negotiate with each other to try and form both a simple and a double majority. Have them keep the math.</p> <p>→ Step 6 after 10 minutes (or sooner) ask students whether they have met either requirement. (if you re on block you may want to give a few more minutes if you think they are close)</p> <p>Step 7 Debrief: 5mins Have students create a pro/con chart of the simulation - what works, what doesn't work. have them share with a partner, (2 min). Use the information to create a class chart of what the strength / weaknesses of the system is.</p> <p>Main EU-related concepts/activities:</p>
<p>Day 4 Day 5</p>	<p>→ <b>Main Question: What is the biggest challenge to the EU's future?</b></p> <p>→ With a partner students will prepare a presentation for a round table for day 5 (for planning purposes day 5 doesn't necessarily have to be the day after day 4. I would normally give at least one weekend for this.)</p>

- With higher level students should be able to research their own issues. With a younger/ lower level class you may want to assign issues. Examples include Migration, Nationalism, Brexit you may add as needed.
- Make sure that there is not significant overlap of issues.
- **In Class discussion work**
- **Before Discussion**
- Students should create a “press release” that outlines the problem and gives a set of quick facts about the issues. Each fact should have a citation to a reputable source. They should have a digital version that can be shared with all students prior to the discussion. Students should be given time to read through these statements.
- **Discussion Day**
- **Part 1: Opening statements**
- This should be presented at the beginning of the discussion. Each pair should have up to 2 minutes to make the argument as to why their issue is the most problematic. It should be persuasive and should use outside research to support their argument.
- **Part 2: Discussion**
- Teacher should act as mediator and allow discussions between various groups about which issue is the biggest issue. The teacher should also interject their own questions to steer discussion as necessary.
- **After Discussion. Take home LEQ**
- **Analyze the common political and economic problems facing the European Union in the and discuss the responses to these problems by member countries**
- Students can use outside sources but must create a work cited page.

## Safety First!

Before you print all your bingo cards, please print a test page to check they come out the right size and color. Your bingo cards start on Page 3 of this PDF.

If your bingo cards have words then please check the spelling carefully.

If you need to make any changes go to [mfbc.us/e/uv5rf7](https://mfbc.us/e/uv5rf7)

## Play

Once you've checked they are printing correctly, print off your bingo cards and start playing! On the next page you will find the "Bingo Caller's Card" - this is used to call the bingo and keep track of which words have been called. Your bingo cards start on Page 3.

## Vitrual Bingo

Please do not try to split this PDF into individual bingo cards to send out to players. We have a tool on the website to send out links to individual bingo cards. For help go to <https://myfreebingocards.com/faq>.

# Bingo Caller's Card

Use your Bingo Caller's Card to call the bingo and keep track of which words you have already called.

Print two copies of the caller's card. Cut one copy up, fold the squares in half, and put them in a hat. To call the bingo, pull a square out of the hat, unfold it and read it out.

When you have called a word/number, tick it off on the second copy of the caller's card. You can use the second copy of the caller's card to check if a player has a winning card during a game.
